Precision 7730

The world's most powerful mobile workstation.

- All new design – 15% smaller than previous gen
- The latest Intel® Core™ and Xeon® 6-core processors
- Ready for AR/VR with Radeon Pro™ and NVIDIA Quadro® professional graphics
- Industry-leading memory speeds up to 3200MHz SuperSpeed and largest memory capacity up to 128GB
- Massive PCIe SSD storage capacity up to 8TB
- Only 17" mobile workstation to support 8K resolution and HDR via a single cable with DisplayPort 1.4

Precision 7740

Our most powerful mobile workstation.

- The latest Intel® Core™ and Xeon® **8-core** processors
- Ready for AR/VR with Radeon Pro™ and NVIDIA Quadro® professional graphics
- **NEW** optional **HDR600 UHD display**
- **NEW** optional **aluminum cover**
- Industry-leading memory speeds up to 3200MHz SuperSpeed and largest memory capacity up to 128GB
- Massive PCIe SSD storage capacity up to 8TB
- Only 17" mobile workstation to support 8K resolution and HDR via a single cable with DisplayPort 1.4
- Dell Precision Optimizer Standard or optional **DPO Premium** version
- **New Salomon docking**
- Starting at 6.9lbs

Precision 7530

The world's most powerful and first Ready for VR 15" mobile workstation.

- All new design – 15% smaller than previous gen
- The latest Intel® Core™ and Xeon® 6-core processors
- Ready for AR/VR NVIDIA Quadro® professional graphics
- Industry-leading memory speeds up to 3200MHz SuperSpeed and largest memory capacity up to 128GB
- Largest PCIe SSD storage capacity for a 15" mobile workstation up to 6TB
- Only 15" mobile workstation to support 8K resolution and HDR via a single cable with DisplayPort 1.4

Precision 7540

Our most powerful 15" mobile workstation.

- The latest Intel® Core™ and Xeon® **8-core** processors
- Ready for AR/VR with Radeon Pro™ and NVIDIA Quadro® professional graphics
- **NEW** optional **HDR400 UHD display**
- **NEW** optional **aluminum cover**
- Industry-leading memory speeds up to 3200MHz SuperSpeed and largest memory capacity up to 128GB
- Massive PCIe SSD storage capacity up to 6TB
- Only 17" mobile workstation to support 8K resolution and HDR via a single cable with DisplayPort 1.4
- Dell Precision Optimizer Standard or optional **DPO Premium** version
- **New Salomon docking**
- Starting at 5.6lbs

Precision 5530

The world's smallest, thinnest, and lightest 15" mobile workstation.

- Available in Platinum Silver or Brushed Onyx
- New IGZO 4 display options up to UHD touch w/100% Adobe RGB
- Up to NVIDIA Quadro® P2000 professional graphics
- The latest Intel® Core™ and Xeon® 6-core processors
- Faster DDR4 memory speeds- up to 32GB 2666MHz
- Expandable storage options up to 4TB

Precision 5540

Our smallest, thinnest, and lightest 15" mobile workstation.

- The latest Intel® Core™ and Xeon® 6-core processors
- Optional UHD touch w/100% Adobe RGB, now **500nits** or **OLED UI display**
- Up to NVIDIA Quadro® 2000 4GB graphics (**Turing architecture**)
- DDR4 memory speeds- up to 32GB 2666MHz
- Expandable storage options up to 4TB
- **NEW** optional aluminum cover
- **IR camera & HD camera moved to top of the bezel**
- Dell Precision Optimizer Standard or optional **DPO Premium** version
- **New Salomon docking**
- Starting at 3.9lbs

Precision 5530 2-in-1

The world's smallest 15" 2-in-1 mobile workstation.

- Multiple modes of interaction including laptop, tablet or tent
- Next-gen InfinityEdge 4K Ultra HD display with w/100% Adobe RGB
- First-ever quad-core Intel® Core™ processor and discrete graphics
- Professional Radeon® WX Vega M GL Graphics– 4GB
- Sketch, design and edit with low-latency Dell Active Pen, featuring 4096 level of pressure sensitivity
- Innovative thermal design including Gore Thermal Insulation
- ISV Certification and Dell Precision Optimizer

Precision 3530

True workstation performance made affordable.

- The latest Intel® Core™ and Xeon® 6-core processors
- Robust NVIDIA Quadro® professional graphics
- Faster memory speeds 2667Mhz
- Higher color accuracy with PremierColor
- Scalable dual-drive storage
- 4K @60z via HDMI and Thunderbolt ports
- Windows Hello via IR camera

Precision 3541

The best price-for-performance for entry-level workstation.

- The latest Intel® Core™ and Xeon® **6-core** processors
- Robust NVIDIA Quadro® P600 professional graphics (**4GB**)
- Fast memory speeds 2666Mhz
- Up to FHD, 300nits, with PremierColor
- Up-to 3 storage slots
- Windows Hello via IR camera
- Dell Precision Optimizer Standard or optional **DPO Premium** version
- **New optional Aluminum cover**
- **New 6-Cell 97Whr battery**
- **New Salomon docking**
- Starting at 4.34lbs

Precision 3540

The convergence of workstation-class performance, lightweight design and economical price.

- The latest Intel® Core™ ® 4-core processors
- AMD Radeon® graphics (2GB)
- Up to 32GB RAM with memory speeds of 2400Mhz
- Up to FHD, 300nits, with PremierColor display
- Up to 2TB of storage
- Windows Hello via IR camera
- Dell Precision Optimizer Standard or optional **DPO Premium** version
- 4-Cell 68Whr battery (20hrs)
- **New Salomon docking**
- Starting at 4.04lbs

Dell Canvas

An awesome way to create designs and interact with data

- 27" QHD Adobe RGB touchscreen
- 20 point touch for collaboration
- Highly Precise pen
- Totem for dual-handed productivity
- Full Integration with key ISV applications
- Windows 10 Continuum
- System compute comes from workstation
- Intended for use in conjunction with a single or multiple vertical monitor(s)

Precision 7920 Rack

Ultimate performance and security
in a 2U form factor.

- New 2U industrial Rack design
- Supports scalable storage options (up to 8 HDD/SSD)
- M.2 NVMe PCIE SSD options with RAID support
- Latest dual socket Intel® Xeon® processor with up to 28 cores per processor
- Up to 3TB 2666MHz memory
- VR-ready with AMD Radeon Pro™ and Nvidia Quadro® graphics
- Support up to three double width graphics cards up to 300W each

Precision 3930 Rack

World's most powerful 1U rack workstation.

- All new category – for versatile space constrained use cases
- Latest Intel® Core™ and Xeon® processors
- Next generational AMD Radeon™ Pro or NVIDIA Quadro® professional graphics up to double-width 250W
- Up to 64GB of 2666Mhz NECC or ECC memory
- Expandability with 2 PCIe slots with support for PCI legacy cards
- Up to 20TB of Solid State PCIe storage

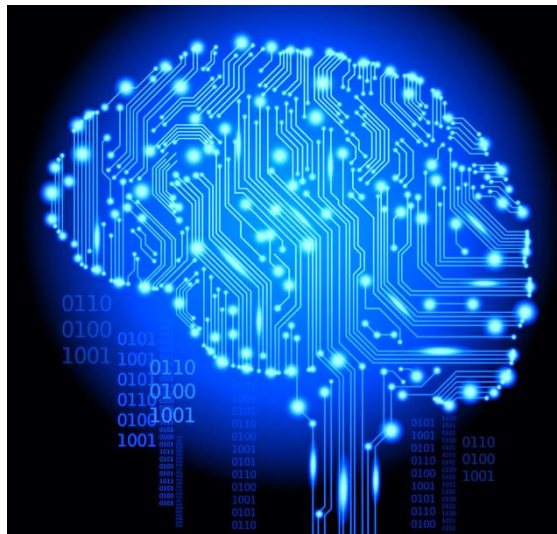

DELL PRECISION OPTIMIZER BETTER THAN EVER

AI-based dynamic optimization for *any* application

First VR optimization profile with Unreal Engine

Choice of OS, now with Redhat support

Value added plug ins like CAS-W for storage Optimization

Automatic Updates and Certified drivers

Enhanced Analytics Engine to understand system bottlenecks

Console integration for central management

\$3000 saved per user annually

Introducing the next-generation 14" rugged duo

Latitude 5420/5424 Rugged

Best-in-class semi-rugged notebook for customers seeking durability, legacy connectivity options, and performance

Latitude 7424 Rugged Extreme

Feature packed, fully rugged notebook for mission critical reliability in the most demanding environments

Latitude 7212 Rugged Extreme Tablet

The **intelligently tough** tablet built to survive the worst keeps getting **better, faster, and lighter**

Just under 2.9lbs (1.3kg)

11.6" FHD outdoor viewable display with gloved multi-touch and Gorilla® Glass

7th Gen Intel Dual and Quad Core™ CPUs

- Windows 7 compatible with Skylake option

Fully backwards compatible ecosystem

- Desk and vehicle docking, modules
- Higher capacity batteries
- Handles, straps, softgoods
- 180-degree kickstand

A tablet is so much more than a tablet

The Latitude 7202 Rugged Tablet can be customized to meet your unique needs from the field to the office. Choose the best accessories to optimize your tablet solution.

Mobility accessories

Carry the Rugged Tablet easily with available handles, straps and carry cases.

Keyboard Cover

Add an IP-65 keyboard for productivity on-the-go (comes with kickstand).

Modular expansion

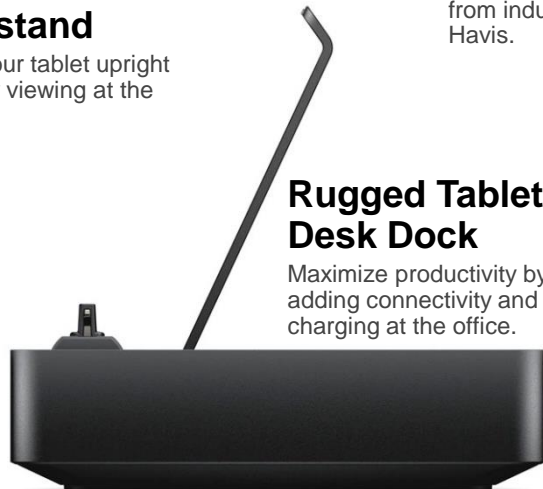

Expand functionality with an Extended I/O Module (2x USB 3.0 ports + Ethernet) as well as barcode and magnetic stripe reader options*

Kickstand

Keep your tablet upright for easy viewing at the desk.

Active stylus*

Get the most input responsiveness with an available active stylus.

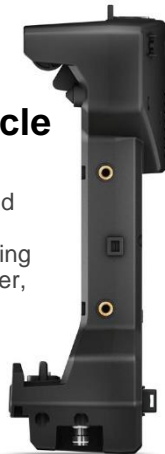

Rugged Tablet Desk Dock

Maximize productivity by adding connectivity and battery charging at the office.

Rugged Tablet Vehicle Dock

Mount securely and ergonomically in vehicles with docking from industry-leader, Havis.

* Available post-launch

Rugged Tablet Battery Charger

Available at RTS

- Charges spare tablet batteries outside of the system when docking is not an option
- Backwards compatible with first-generation Latitude 7212 Rugged Tablet batteries
- Accepts standard 7.4mm charging barrel or 4.5mm tablet charging barrel

LED indicators for readiness

Charges two batteries simultaneously

Sliding door over barrel input options

Mobility accessories for the Rugged Tablet

Choose from a variety of accessories that attach to your Rugged Tablet to make it easier to carry and use on-the-go.

Nylon Handle

This flexible nylon handle that makes it easy grab and carry your tablet.

Shoulder Strap

This comfortable strap makes it easy to carry your tablet on your shoulder.

Cross Strap

This brace allows you to carry your tablet in the palm of your hand.

Carry Case

This case is a secure and easy way to transport your Rugged Tablet and accessories.

Chest Harness

This harness secures your tablet to your chest for easy handheld use.
